89	Right	Above Island	5 - 8	N
88.7	Right	Above Trout Creek	1 - 4	N
88.4	Right	Trout Creek: several sites - various sizes - road access - Ranger station		Y

All overnight boaters in Seg. 1 (Warm Springs to Locked Gate) are required to camp at a designated campsite.

Campsites are marked by brown posts that state river mile and number of campers per site.

Campsites are first come, first served and may not be held or reserved by leaving unattended gear.

Once a campsite is taken, boaters must float on until they find a vacant site.

Try to choose a small campsite for small groups and large campsites for larger groups.

Group size may not exceed 16 people in Seg. 1, 3, and 4 and 24 people in Seg. 2.

Group size limit means the maximum number of persons a group may have. Two or more boater passes cannot combine if the sum is greater than the group size limit.

Groups over the size limits must split and conduct themselves independently. They may not camp, dine, float or otherwise recreate together.

Campfires are not allowed June 1st thru October 31st. White gas or propane only. When fires are permitted, use fire pans.

Portapotties are required on Segment 1. They must be set up at your campsite and ready to be used, even if there is an outdoor toilet at the campsite.

Dispose of waste properly. If you pack it in, pack it out. Pack out all trash, food, litter, solid human waste, and hygiene products.

BOAT PASSES CAN BE PURCHASED ON-LINE @
www.boaterpass.com.
